Vertical range of manufacture

Depth for your most rigorous requirements

High manufacturing depth, a sense of responsibility, competence and reliability – these are not just virtues of yesterday, they are the values of today. They flow into all production processes, in order to assure quality requirements on the highest level at our site in the Swabian town Bühlertann.

The results are outstanding products “Made in Germany” – bearing the AS-Motor trademark as a quality seal, every day they ensure that our customers are more than satisfied.

Materials

Our profession is perfection – and it starts with the materials

All mower housings are made of galvanized plastic-coated steel – thus they are break-proof, dimensionally stable and insensitive. The Bowden cables are made of stainless steel and thus remain extremely stable under load, even in continuous use. The blade bars of the cross blades and double blades, manufactured employing high forging art, are fabricated of hardened special spring steel – they are extremely impact resistant in use over a very long period of time.

Expert, trained employees who have worked for AS-Motor for many years produce our machines – they always comply with the rules of quality assurance and the extensive test processes.

Quality

First-class has a tradition – and so does our passion for innovation

AS-Motor has been designing and building motorised devices for garden/landscape care for over 55 years. All devices are adapted to their application area with no compromises; each machine must fulfil a purpose:

To optimally relieve you of the work. Consequently, at AS-Motor there are machines that perfectly, quickly and safely perform their task even on the most difficult terrain. These include classics like the AS-Allmäher® – with a form that follows only function and robust construction that is configured for a long working life. The idea of offering you high performance – low maintenance technology for the most rigorous requirements, included – is common to all our machines.

Quality as a trademark requires service without question marks

Through our own sales organization and the partnership-based collaboration with our authorised dealers, we ensure reliable, competent and sustainable maintenance of all AS-Motor devices. The modular and easy-to-replace structure of the 2-stroke engines leaves few open questions – with this structure we achieve cost-effective and customer-oriented maintenance in order to keep your devices fit for the demanding use over a long period of time

AS 460 Clip A

- Self-Propelled dome deck mulching mower
- 46cm cutting width
- Variable speed transmission
- 159 cc AS 4 stroke 4hp
- Crank shaft protect in 3 bearing housing

RRP ex-vat €755

inc-vat **€928.65**

AS 530 Clip A

- Self-Propelled dome deck mulching mower
- 53cm cutting width
- Variable speed transmission
- 196cc AS 4 stroke 5.5hp
- Crank shaft protect in 3 bearing housing

RRP ex-vat €1,091

inc-vat **€1,341.93**

AS 510 4T A

- Self-Propelled dome deck mulching mower
- 51cm cutting width
- Variable speed transmission
- 190 cc Briggs & Stratton 850 E Series I/C 5.5hp
- Crank shaft protect in 3 bearing housing

RRP B&S engine ex-vat €1,662 inc-vat **€2,044.26**

2-Stroke engine ex-vat €1,914 inc-vat **€2,354.22**

Accessories:

P/n 9133 Front wheel and side protection bar

RRP ex-vat €180.67

inc-vat €222.22

AS 531 4T MK B

- Self-Propelled rear bag collection mower
- 51cm cutting width
- Variable speed transmission
- 190 cc Briggs & Stratton 850 E Series I/C 5.5hp
- Crank shaft protect in 3 bearing housing
- Blade brake

RRP ex-vat €2,133

inc-vat **€2,623.59**

Accessories:

P/n 9776 Mulch Kit

RRP ex-vat €75

inc-vat €92.25

AS 531 2T MK B

- Self-Propelled rear bag collection mower
- 51cm cutting width
- Variable speed transmission
- AS Motor 2-stroke engine 6hp
- Crank shaft protect in 3 bearing housing
- Blade brake

RRP ex-vat €2,570 inc-vat **€3,161.11**

Accessories:

P/n 9776 Mulch Kit

RRP ex-vat €75 inc-vat €92.25

AS 510 ProClip 2in1 4T A

- Self-Propelled mulch or side discharge mower
- 51 cm width of cut
- 190 cc Briggs & Stratton 850 E Series I/C 5.5hp
- Two wheel drive, Variable speed

RRP ex-vat B&S 4-stroke €1,830 inc-vat **€2,250.90**

RRP ex-vat 2-stroke €2,099 inc-vat €2,581.77

AS 53 2T Four Wheel Drive

- Self-Propelled side discharge mower
- 53 cm width of cut
- Variable speed transmission
- AS Motor 2-stroke engine 6hp
- Four wheel drive

RRP ex-vat €2,687 inc-vat **€3,305.01**

AS 53 2T Four Wheel Drive RB

- Self-Propelled side discharge mower
- 53 cm width of cut
- Variable speed transmission
- AS Motor 2-stroke engine 6hp
- Four wheel drive with reverse drive

RRP ex-vat €2,914.00 inc-vat **€3,584.22**

AS 28

- Self-Propelled brush cutter mower
- 63 cm width of cut
- Two speed transmission
- AS Motor 2-stroke engine 6hp
- Chevron pneumatic rear drive wheel

RRP ex-vat €2,771

inc-vat €3,408.33

AS 63 2T & AS 63 4T

- Self-Propelled brush cutter mower
- Rear discharge deck
- 63 cm width of cut
- Variable speed transmission
- AS Motor 2-stroke engine 6hp or Briggs & Stratton 4-stroke engine
- Chevron pneumatic rear drive wheel

AS 63 2T (2-stroke model)

RRP ex-vat €2,998

inc-vat €3,687.54

AS 63 4T (4-stroke model)

RRP ex-vat €2,519

inc-vat €3,098.37

Accessories

P/n 9257 Twin wheel kit (shown in picture)

RRP ex-vat €192.44

inc-vat €236.70

AS 65 2T

- Self-Propelled brush cutter mower
- Rear discharge deck
- 65 cm width of cut
- 5 speed forward, 1 reverse transmission
- AS Motor 2-stroke engine
- Chevron pneumatic rear drive wheel

RRP ex-vat €3,503

inc-vat €4,308.69

Accessories

P/n 9301 Twin wheel kit (shown in picture)

RRP ex-vat €242.86

inc-vat €298.71

AS 901

- Self-Propelled walk behind flail mower
- 90 cm cutting width
- 5 speed forward, 1 reverse
- Diff lock steering
- Dual chevron wheels for steep bank mowing ability
- Briggs and Stratton V-twin Vanguard 16hp
- Capable of mowing brush, over grown grass and saplings

RRP ex-vat €7,259

inc-vat €8,928.57

AS 799

- Hydro static Tuff Torq transmission
- Briggs and Stratton 10 Hp Engine
- 80 cm rough cut rear discharge deck
- Chevron tyre pattern for traction
- 15 fuel capacity
- Blade speed reduction for increase torque

RRP ex-vat €4,536

inc-vat €5,579.28

AS 800

- Hydro static Tuff Torq transmission
- Differential lock for enhanced traction
- Briggs and Stratton 13.5 Hp Engine
- 80 cm rough cut rear discharge deck
- Chevron tyre pattern for traction
- 15 fuel capacity
- Blade speed reduction for increase torque

RRP ex-vat €6,166

inc-vat €7,585.00

AS 920

- Hydro static Tuff Torq transmission
- Differential lock for enhanced traction
- Briggs and Stratton V-Twin Professional Series 8, 724 cc Engine 27 hp
- 90 cm rough cut rear discharge deck
- Chevron tyre pattern for traction
- 15 fuel capacity
- Blade speed reduction for increase torque

RRP ex-vat €9,864 **inc-vat €12,132.72**

Mulch Kit

P/n 9164 ex-vat €259.66 inc-vat €319.38

AS 940 XL

- Hydro static Tuff Torq 4 wheel drive transmission
- Differential lock for enhanced traction
- Briggs and Stratton V-Twin Professional Series 8, 724 cc Engine 27 hp
- 90 cm rough cut rear discharge deck
- Chevron tyre pattern for traction
- 15 fuel capacity
- Blade speed reduction for increase torque

RRP ex-vat €12,855 **inc-vat €15,811.65**

Mulch Kit

P/n 9164 ex-vat €259.66 inc-vat €319.38

AS 940 RC

- Full remote control ride on mower
- Can be operated as ride-on or remote control
- Hydro static Tuff Torq 4 wheel drive transmission
- Differential lock for enhanced traction
- Ability to mow up to 33 degree slopes
- Briggs and Stratton V-Twin Professional Series 8, 724 cc Engine 27 hp
- 90 cm rough cut rear discharge deck
- Chevron tyre pattern for traction
- 15 fuel capacity
- Blade speed reduction for increase torque

RRP ex-vat €18,351.00 **inc-vat €22,571.73**

AS 1040 YAK

- Hydro static Tuff Torq 4 wheel drive transmission
- Differential lock for enhanced traction
- Briggs and Stratton V-Twin Professional Series Engine 23 hp
- 100 cm width Y Flail mower
- Chevron tyre pattern for traction
- 15 fuel capacity
- Low centre of gravity for maximum stability on slopes

RRP ex-vat €16,085

inc-vat €19,785.00

AS 30WeedHex 140

- 3.3 Hp 4-stroke engine
- 35cm working width
- 600 rpm brush speed
- Wire rope brush
- Optional plastic brush for sensitive surfaces

RRP ex-vat €1,074

inc-vat €1,321

Replacement Wire Brushes

RRP ex-vat €115

inc-vat €141.45

Plastic Brush

RRP ex-vat €107.29

inc-vat €131.96
